SHOPFITTING INTRODUCTION

Wilks buffer and fendering systems are the leading products used by supermarkets to protect their high traffic store locations such as checkouts, service areas and walkways. In fact, you will find a variety of Wilks solutions used by most of the UK supermarket brands.

Our extensive standard range of buffer systems are also available and stocked in packs for smaller applications. With our in-house tooling facilities, we can produce new profiles in either flexible, dual hardness, semi-rigid or rigid PVC at very reasonable costs.

Take a look at our range and talk to our Sales Team. We've got more than 50 years of experience (1973 – 2023) developing effective buffer and fendering solutions for both the retail and marine sectors, and our team offer great customer service every step of the way.

30mm RANGE

DESCRIPTION

Our popular 30mm range of profiles is a staple feature on a variety of checkout installations and is available in 3 different body types to tackle a wide variety of applications and working environments.

OPTIONS

The 30mm range consists of 3 different bodies to tackle a wide range of customer requirements:

30/DH - Flexible dual hardness PVC which effortlessly bends around a 42mm radius without deformation or the need of preform.
The integral rigid PVC strips ensure that the stretching and shrinking of profiles become a thing of the past.

30/F - Our original flexible PVC buffer offering a wonderfully simple to install solution to a assortment of protection needs.

30/R - Lightweight yet tough rigid PVC buffer offers speedy, snap-on fit installation.
Clean lines make it the perfect solution for straight runs and 90° corners.

All 3 bodies utilise the same 30/RT rigid PVC track and can be finished with either end caps or 90° corner mouldings.

PRODUCT CODE	DESCRIPTION	MATERIAL	STOCK SIZE	SPECIAL ORDERS
30/DH	Body	Dual Hardness PVC	2 x 21m pack	From 500m
30/F	Body	Flexible PVC	non-stock	From 500m
30/R	Body	Rigid PVC	20 x 4m pack	From 560m
30/RT	Track	Rigid PVC	4m length	From 650m
30/M2	End Cap	Polypropelene	25 unit pack	From 200 units
30/M3	90° Corner	Polypropelene	25 unit pack	From 200 units

50mm RANGE

DESCRIPTION

Our 50mm Range of profiles feature perfectly in areas of high traffic. Providing effective protection that does not compromise on design. To benefit as many working environments as possible, the 50mm range is available in 3 different body types.

OPTIONS

50/DH - Flexible dual hardness PVC which effortlessly bends around curves without deformation or the need to preform.
The integral rigid PVC strips ensure that the stretching and shrinking of profiles become a thing of the past.

50/F - Our original flexible PVC buffer offers a wonderfully simple to install solution to a variety of protection needs.

50/R - Lightweight yet tough rigid PVC buffer offers speedy, snap-on fit installation.
Clean lines following installation make it the perfect solution for straight runs and 90° corners.

All 3 bodies can be finished with either end caps

PRODUCT CODE	DESCRIPTION	MATERIAL	SPECIAL ORDERS

PVC 1160/F

PRODUCT	DESCRIPTION	AVAILABILITY
PVC 1160/F	Flexible PVC Black Body	100m min. order
31 x 3mm Rigid PVC Strip		3m stock

HEAVY DUTY BUFFERS

A protection buffer suitable for interior and exterior walls including car park columns.

PVC 2091 is designed to fit an aluminium retainer. Please note that the aluminium retainer is not supplied.

PVC 2091

PRODUCT	DESCRIPTION	AVAILABILITY
PVC 2091	Black (50) Corner Guard	60m min. order

OTHER BUFFERS

High visibility floor bumps which can be installed in trolley parks and used to help retain trolleys.

The low level bump does not restrict any customers or staff from moving a trolley over it, yet it can restrict wheel movement which can prevent trolleys from moving whilst unattended. This protects vehicles and pedestrians by preventing and reducing the chances of accidents.

PVC 2013 is fitted by running a fixing strip through the core of the profile and bolting into position.

PVC 2013

PRODUCT CODE	DESCRIPTION	MATERIAL	STOCK SIZE	SPECIAL ORDERS
PVC 2013	Body	Flexible PVC	Non Stock	From 500m
25 x 3mm Strip	Retainer	Rigid PVC	3m	From 450m
